◊ Networking Fundamentals

◊ Programming Fundamentals

◊ Microsoft Office Specialist

PROGRAM CURRICULUM

◊ PC Servicing & Troubleshooting

◊ Web Page design and development

◊ Microsoft IT Academy

◊ Video Game Development

◊ Computer Networking

◊ Server Management

◊ Video Editing

Computer Technology Management:

How many of you have heard that we are living in the age of information? Current statistics show that information doubles every 1.2 years. Computers are tools that help us manage, sort, collect, store, process and display information.

Computer Technology Management students will have the option of following different technology strands. These strands consist of:

◊ PC Repair & Troubleshooting/A+ Certification

◊ Networking/Network+ Certification

◊ Video Game Development using GG Interactive

◊ Web Page design & development

◊ Video Editing

◊ Microsoft IT Academy

Students who complete the A+ Certification, Networking, or Web Page Design strands will have the option of becoming internationally certified in these area.

HELPFUL BACKGROUND CLASSES:

General Business

Business Math

Computer Literacy

WHERE YOU CAN GO FROM HERE:

Your second year could include:

◊ Return to the Computer Technology Management Program

◊ Find employment through TTC Co-op program

◊ Attend a different TTC program

◊ Return as an adult education student in the day or evening.

Following one or two years in this program, you may find employment as a computer technician, data processor, or computer operator.

You may continue your education at a college or trade school to prepare yourself for advanced careers in Computer Technology, such as System Analyst, Network Administrator, Information Systems Manager or Computer Technician.

SOFTWARE APPLICATIONS USED:

◊ Video Editing

◊ Database

◊ Animation

◊ Photo Editing

◊ Web Publishing

◊ Presentation

◊ Programming

◊ Computer Based Training
